

Can you find out which organs were used to help you digest your breakfast this morning?

What do they all do?

Draw your digestive system?

...a phrase that can be spelt out using the symbols of elements in the Periodic Table?

(use the table on page 2)

email your findings to transition@phs.cheshire.sch.uk

Make a Compass

Cut a circle of paper or card and float it in a bowl of water. Straighten a paper clip, rub it in one direction with a fridge magnet for 1 minute.

Carefully place the paperclip on the paper and it will point from North to South.

Can you explain what makes it point in that direction?

The Periodic Table
